### **Arrest Made in Cane Bay Burglary**

SUMMERVILLE, SC – Berkeley County Sheriff Duane Lewis announced that Traevon Jamal Doctor of Summerville was arrested for Monday's burglary at 314 Sanctuary Park Drive in the Cane Bay neighborhood of Summerville.

The homeowner reported Doctor shot at him after catching Doctor fleeing from the Sanctuary Park Drive residence. Berkeley County Sheriff's Deputies responding to the call located a spent shell casing from a .45 caliber pistol in the back yard of Doctor's residence – two houses from the burglary location.

During the Sheriff's Office's subsequent investigation, detectives discovered that, during another residential burglary on the same street in December, a Springfield Armory .45 caliber pistol had been stolen.

Sheriff Lewis stated, "We are very pleased to have been able to make an arrest in these burglaries. It is certainly unsettling when burglaries take place at a person's home. In this case, the suspect lived in the neighborhood of the crimes – making it very difficult to prevent."

As a result of the investigation, Doctor has been charged with Attempted Murder, Burglary in the 1st Degree, Possession of a Weapon during a Violent Crime and Possession of a Stolen Handgun. Doctor was denied bond during a bond hearing at the Hill-Finklea Detention Center this morning.

Detectives continue investigate Doctor's involvement in other similar crimes in the area with more arrests expected within the week.
